A Fragrant Breath and Pearly Teeth

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves intact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT.

THE STATE FAIR.

The Trustees of the Agricultural Society have labored under more drawbacks in giving a fair this year than any former board. The year has been hard on all classes. The grasshopper has been a burden. Last winter was too severe for stock to do well. The mines are empty, and no one has had the heart to throw a dollar away if he could keep it. The California circuit has been enlarged by the operations of the new law, which places the State and district fairs in the hands of the State, so we got no trotters from there. After all, we have had a delightful week, and we think our visitors will go home satisfied. The Trustees have worked with hearty good humor to please us all. They have done their very best with the materials they had, and have succeeded in making some excellent contests. We can imagine that they feel grateful to Chas. M. Fassett for the interesting display of his skill as a bicycler, to the ladies who rode in the tournament, to the base-ball players, and to Messrs. Winters, Pritchard, Martin, Winston, Nichols, Travers, Breed and others who have brought horses. We have heard fault found that people could not tell what was coming off, and we hear that Sierra valley and northern people did not come because of the uncertainties. We imagine if the thing was to be done over they would do more advertising, and do it a longer time in advance, in order to create more interest. Printers' ink pays a hundred per cent. in such matters as fairs and shows. Big advertisements convince people that there is going to be a real big time, and no mistake, and that it will not do for them to miss it. The stock parade made up in quality what it lacked in quantity. The show in the Pavilion has never been equalled. We take some credit to ourselves, and so may the *Journal*, for helping to fill up. We hope no one has growled at the weather clerk, for he has turned on nothing but smiles all week.

EDITORIAL NOTES.

The citizens of Nevada will vote unanimously against Chinese immigration next month. The religious fanaticism which wanted to bring Negro slaves to America in former days in order to convert them is about the only argument to be used in favor of bringing Chinese here, and Nevada is the freest country on earth from religious fanaticism.

The first number of the weekly *Bulletin*, published at Greenville, Plumas county, Cal., makes an excellent appearance. E. A. Weed is the editor and proprietor. Mr. Weed makes a good paper of the *Bulletin*, and it should have the support of the section in which it is printed. We wish him success.

Gov. Kinkead has issued two proclamations; one calling upon the voters at the coming general election to write upon their ballots "For Chinese Immigration" or "Against Chinese Immigration," the other offering rewards for the discovery of violations of the election laws.

Loring Pickering, the editor of the *S. F. Morning Call*, received a great deal of sympathy when his wife died last winter. And now he has got married again.

The decision of the Supreme Court, that no county elections can be held in California this year, must be a terrible blow to aspirants for local offices in our sister State.

One of the prisoners, McTague, who escaped from the State Prison, was captured in Bodie day before yesterday.

Dr. Pritchard informs us frost has injured the oats crop in Sierra valley very unexpectedly.

The fruit preserving days have come—the stickiest of the year.

Madam Zola, a fortune teller whose reputation has become almost as extensive as her illustrious teacher, Raschell, is now in Reno, where she will spend a few weeks for the purpose of revealing the mystery of the future. JOTTINGS.

— Last night of the Fair.

—Both the Reno banks are now selling drafts on San Francisco at par.

—Passengers wishing to go to Virginia City to-morrow, see 50-cent column.

— Hall & Clark's fruit store was broken into from the rear last evening and $3 in small change was stolen from the money drawer.

—Evening service will commence in the Methodist church to-morrow, and until further notice, at seven o'clock, instead of 7:30 as hitherto.

—Mrs. A. J. Smith broke her arm yesterday morning at the race track in getting out of a buggy. Her clothes caught on the buggy step, and she fell.

The necessity of "rustling" for an ulster is begining to press hard upon the poor young man. The ulsters at the White House are stylish and cheap.

—The Resolute Base Ball Club, of Virginia, will play a match game against the Socials at Carson to-morrow. A number of the Reno boys will probably go up to see the game.

—T. V. Cecil of Virginia City is in town, and will repair and put in perfect running order sewing machines of any make. Orders left at Goeggel's or Osburn & Shoemaker's will receive prompt attention. Satisfaction guaranteed.

The Unknown Dead.

The man who was found dead in a tunnel a few days ago, was buried last night. Sanders & Neale state that the only mark on the body was that the terminal bone of the little finger of the right hand had been taken out, leaving a scar. The inquest will be concluded on Monday. Nothing has come to light to establish the man's identity. He did not have on a "plug" hat when found, as incorrectly stated, but a broad-brimmed, soft black felt.

A Rare Treat.

The Widow Bedott will be in Reno one week from to-night. She is represented by Neil Burgess, whose success in this character has been one of the greatest known to the profession. He played it for five weeks in San Francisco, and people were turned away nearly every night. Reno people will miss a rare treat if they fail to see the Widow. It is as good a thing as Uncle Joshua Whitcomb.

THE STATE FAIR.

The Racing Yesterday—The Best Time Ever Made on the Coast—A splendid Dash for The Nevada Cup—Around the Pavilion—Some of the Best Exhibits—The Prizes for Bread, etc.

YESTERDAY'S RACES.

The attendance at the track yesterday was good and the racing the best ever seen here.

The first race was a three-quarter mile dash between Betsy Maguire, Lexington and Euchre. It was finely contested, and won by Euchre, Lexington second. Time 1:17½.

The second race was a mile dash, between Jim Brown and Fred Collier. It was a tight race, won by Fred Collier. Time 1.46¾.

The third race was a dash of two and a quarter miles for the Nevada Cup and $200. Baldwin's Clara D and Winters' Connor started. It was a very close race, Clara D winning by a neck. Time 4:01¾. The first two miles were run in 3:34½. This performance is the best ever made on the coast, and ranks with the most notable achievements on the turf, eclipsing Neapolitan's 4:02 in San Francisco and Mollie McCarty's 4:02 at Chicago.

The next contest was trotting, mile heats, three in five. Trump, Fred B and Belle Spencer started. Fred B won the first heat, Trump second, Spencer third. The second heat was won by trump, Fred B second. The third heat was won by Fred B, Trump second. Fred B won the fourth heat, Spencer second. Time 2:40½, 2:34¾, 2:37, 2:34¼.

THE PAVILION

was thronged with visitors last evening. The exhibits on the lower floor have increased in number since Wednesday. There were several dozen of loaves of bread, jealously guarded from the public eye by closely folded towels; biscuits, brown bread, gingerbread, dish of baked beans, some loaves of cake and a few additional jars of preserves. The agricultural department was yesterday enriched by three cabbages, one head of cauliflower and several tobacco plants. A few corpulent pumpkins, indispensable to all agricultural exhibitions, had been rolled in. A corn stalk is exhibited with ears, a cross between Crosby's Early and Dwarf Sugar. A. H. Ashcraft contributes a specimen of Egyptian corn. This is a cobless variety and very easy to eat in the natural way. A. H. Barnes shows a mammoth pop corn tree. One lot of turnip blood beets has arrived. J. S. Sheemaker shows some fine cherry currants. Some one exhibits some splendid crab apples, but neglects to name them. (It is of the utmost importance that fruit should be named. An exhibit of fruit has no significance unless the name of the variety is affixed. Some societies very properly refuse to award premiums to unnamed fruit.) James Pearson of Wadsworth shows some fruit from "a monthly apple tree," five different months represented. J. L. McFarlin shows a splendid farm wagon capacious enough to haul off all the agricultural exhibit. A combined harrow, scraper, leveler and pulverizer is exhibited by J. W. McKinney, the maker. G. W. Burrier is the patentee. He says it does great execution on the ground. The one shown is the second ever made.

LOCAL BUSINESS HOUSES

are pretty well represented. Sol Levy and C. A. Loomis both make a fine display of dry goods at the head of the hall. Their exhibits are arranged with great taste and skill, and they deserve great credit for the pains they have taken to add to the attractions of the pavilion. Isaac Barnett displays some beautiful dry goods and boots and shoes. John Sunderland makes a fine exhibit of boots and shoes, and hats and gloves. Osburn & Shoemaker display a large assortment of toilet articles, surgical appliances and beautiful vases. Slaven's Yosemite Cologne is represented by a special exhibit of that fragrant fluid. S. M. Jamison & Son have a show case filled with a great variety of pocket and table cutlery. A. Laigneau's Steam Coffee and Spice Mills, Virginia City, are well advertised by a heap of packages and cans. In the way of jewelry, silver ware, clocks, watches, etc., the respective exhibits of Messrs. Fredrick and Goeggel are highly creditable. Each has a strong attraction for visitors in the shape of a fine music box.

THE FINE ARTS DEPARTMENT

of the Fair can this year boast of much deserving praise. There is a collection of well-executed water colors "by an amateur," consisting of flower paintings and landscapes, that exhibits good taste and skill. Other water colors and sketches in the same case are artistic. The hideous chromos hanging on the north wall, near the stairway, are not a part of the exhibition and should be burned. Near them are good portraits of P. B. Comstock and family, enlarged photographs retouched in water colors. The coloring was done by Miss Springer of San Francisco. There are a number of well worked mottoes in silk and in worsted, on card board. A neatly made picture frame of leather is an interesting novelty adjoining. Miss Minnie Moody of Truckee exhibits several large pictures and a number of panels in oil. They show a fair degree of skill, and careful study, and the subjects are pleasing. The colors are well selected and the pictures add much to the exhibition. The usual berlin wool nonstrosities in the shape of wreaths and flowers may be seen above. A faction of the work and pains expended on such things would produce objects really beautiful. A wax cross with a spray of leaves is neatly molded, and shows delicate and patient work. Mrs. B. Taylor exhibits some finely colored photographs, among them a cabinet picture of the late Miss Nina Varian, the brilliant and beautiful young actress. T. F. Laycock's reputation as an artist is well maintained by a number of studies in crayon. A portrait of a lady painted in China, is creditable to the Chinese artist. It will be seen near the stairway. Some beautiful painting on silk and satin, in water colors, will be seen in the show cases. Two satin fans, thus decorated, are particularly noticeable. There are also shown a number of pin cushions, etc., which display much skill with the brush. There are many other exhibits in the department of fine arts that merit approval, but space does not admit of anything like a complete enumeration. In the department of

LADIES' FANCY WORK

the reporter found himself completely at sea. Not knowing so much as the names of half the articles exhibited, it was impossible to note any comments upon them. In general, it may be said that the fancy work shown this year has never been surpassed in interest and beauty at any Fair in the State. Even the "Boston excursionists" would have been pleased to see the evidence of time and skill expended in decoration by the ladies of a rough, new, uncombed country like Nevada. Among the most curious articles displayed in this class was a patchwork quilt made by Mrs. R. V. Reed this year. She is 82 years old. Another is a quilt with 5,643 squares, sewed by 185,600 stitches, made by Mrs. L. S. Read of Virginia. Among the

MISCELLANEOUS EXHIBITS

will be found many things of interest. There is some good bracket work on exhibition, and a miniature working model of a mining engine. Some beautiful handmade straw work baskets are shown. Although the rules forbid the removal of any article exhibited, one of the best things shown in the class of "Nevada productions" was carried off the other night. It was a blooming baby, exhibited by its father, and had attached to its neck a placard bearing the name of its class. The display of young females in this class every evening is highly creditable to the State.

THE AWARDS FOR BREAD

have not been officially announced and will be declared this evening. Unless the decisions of the Committee should be reversed by the Trustees, the awards for wheat bread will be: First prize, Mrs. C. H. O'Hornett; second, Mrs. Huyck; third, Mrs. Penry. There were 51 entries, including over 70 loaves. Deducting three from 51 leaves 48, the number of women who will be dissatisfied and angry this evening, and ready to declare the Fair a flat failure. The bread is all supposed to be made of Lake Mills flour, and the prizes are a barrel, a half barrel and a quarter barrel of flour from that establishment.

Cattle Dying From Poison in the Hills.

Says the Gold Hill *News*: People who have cattle running in the mountains this summer are bringing them in with all possible speed. The reason is that they there eat something which kills them. No one seems to know what it is. They first begin to tremble, and while that is on are easily cured by anything that physics them out. If not attended to they soon drop dead, and in fifteen minutes thereafter are puffed up like a balloon. Those of the ranchers around Carson who have been up and brought their stock out of the mountains say it is not infrequent that three to ten head of cattle are found together where herds have lain down for the night. In early days a rancher from Oregon brought down a herd and put them into the mountains. Not half of them ever came out. Then cattle were frequently poisoned in a similar way down in the valleys. No one seems to know what the poison is. It takes effect after rumination only, and not when taken into the first stomach. Nothing has been heard of it for some time till this year.

Novel Kind of Poisoning.

Says the Pioche *Record*: A few Indians from Panaca and Clover Valley went to the dams, about eight miles from Clover Valley. Last Sunday evening, while they were having a social chat at their camp-fire, it appears that one of them threw some poison in the fire. In a few moments after the poison was thrown in the fire, one of the Indians rose, staggered a little and fell dead. Three other Indians then got up and started to run, but two of them fell dead immediately. The fourth Indian was ill a short time, but will recover. We learn from Chas. Bell, of Panaca, that one of the dead Indians is the one who killed the Indian known as "Nigger Ab," three years ago in Pioche.

The Ball Last Night.

The ball in the theatre last evening was a great success. The attendance was large, and the affair very pleasant. Langer's band furnished excellent music. That terrible little hand on the clock dial had crept away around to III by the time the girls got home. The winter constellations had climbed high into the sky before the lights in the theatre were out. Orion was blazing overhead, with the brilliant Sirius and the Lesser Dog near by, and the Lion rising above the horizon. Jupiter and the Pleiads were well over in the west before the last dancers had retired.

Growing Rapidly.

Almost every day some new industry is cropping up in San Francisco, a fact which is very encouraging at a time when most people are inclined to take a gloomy view of the city's future. An interesting example of this is furnished by the fact that the Zelandia, which sails to day for Honolulu, has on board an immense shipment of Slaven's Yosemite Cologne. This delightful preparation is familiar enough to San Franciscans but we cannot help regarding it as a compliment that it should be sought for in foreign countries, and also in the East, whither a great quantity has recently been sent. The delicate luxuries of this kind are generally enjoyed by the older cities of the world, and we should all look upon the exporation we have mentioned as a flattering sign of our precocious progress.—*S. F. News Letter.*

Mr Slaven has a fine display of his goods on exhibition at the Pavilion.

A Roused Mother-in-Law.

A pleasant little family party took place last week at the house of Mr. Aldrich in Coal valley, Lyon county. A dispute arose between Aldrich and his son-in-law, Caine, which the young man sought to terminate by stabbing the old one with a butcher knife. The mother in-law then pitched in, helping her husband, and she also received a slight stab. The old lady was determined, however, and loading up the family shot gun with buck shot she would have soon made her daughter a widow had not Caine fled to the hills. The mother-in-law was still "laying" for him with the shot gun, at last accounts.

Chinese Saving Their Bacon.

The custom has been, says the Eureka *Sentinel*, that when a Chinaman died and was buried, his countrymen would place a large amount of roast pork on the grave of the deceased. Our Shoshone Indians dropped on this racket, and would go in the evening and steal away the pork. Yesterday a Chinaman was buried, and the usual quantity of pork was placed on his grave. In the evening Chinamen were seen bringing the pork back to Chinatown.

REPUBLICAN NATIONAL PLATFORM.

lowing is the text of the resolutions adopted by the Republican National Convention on Saturday, June 5, 1880:

Republican rule has restored upon a solid basis payment in coin for all the national obligations, and has given us a currency absolutely good and legal, and equal in every part of our extended country. It has lifted the credit of the nation from the point where six per cent bonds sold at 86, to that where four per cent bonds are eagerly sought at a premium. Under its administration railways have increased from 21,000 miles in 1860 to more than 82,000 miles in 1879. Our foreign trade has increased from $700,000,000 to $1,150,000,000 in the same time, and our exports, which were $20,000,000 less than our imports in 1860, were $264,000,000 more than our imports in 1870. Without resorting to loans it has, since the war closed, defrayed the ordinary expenses of government, besides the accruing interest on the public debt, and disbursed annually more than $30,000,000 for soldiers' pensions. It has paid $388,000,000 of the public debt, and by refunding the balance at lower rates, has reduced the annual interest charge from nearly $151,000,000 to less than $89,000,000. All the industries of the country have revived; labor is in demand; wages have increased, and throughout the entire country there is evidence of a coming prosperity greater than we have ever enjoyed. Upon this record the Republican party asks for the continued confidence and support of the people, and this convention submits for their approval the following statements of the principles and purposes which will continue to guide and inspire its efforts:

ENUMERATION OF PRINCIPLES.

First. We affirm that the work of the last twenty-one years has been such as to commend itself to the favor of the nation, and that the fruits of the costly victories which we have achieved through immense difficulties should be preserved. That the peace regained should be cherished. That the dissevered Union, now happily restored, should be perpetuated, and that the liberties secured to this generation should be transmitted undiminished to future generations. That the order established and the credit acquired should never be imperiled. That the pensions promised should be paid. That the debt so much reduced should be extinguished by the full payment of every dollar thereof. That the reviving industries should be further promoted, and that the commerce already so great should be steadily encouraged.

Second. The Constitution of the United States is the supreme law, and not a mere compact. Out of the confederated States it made a sovereign nation. Some powers are denied to the nation, while others are retained by the States; but the boundary between the powers delegated and those reserved is to be determined by national and not by State tribunals.

Third. The work of popular education is one left to the care of the several States, but it is the duty of the national government to aid that work to the extent of its constitutional ability. The intelligence of the nation is but the aggregate of the intelligence in the several States, and the destiny of the nation must be guided, not by the genius of any one State, but by the average genius of all.

NON-SECTARIAN SCHOOLS.

Fourth. The constitution wisely forbids Congress to make any laws respecting an establishment of religion, but it is idle to hope that the nation can be protected against the influence of sectarianism while each State is exposed to its particular domination. We therefore recommend that the constitution be so amended as to lay some prohibition upon the Legislature of each State, and to forbid the appropriation of public funds to the support of sectarian schools.

Fifth. We reaffirm the belief avowed in 1876, that the duties levied for the purpose of revenue should be so discriminate as to favor American labor. That no further grant of the public domain should be made to any railroad or other corporation. That slavery having perished in the States, its twin barbarity, polygamy, must die in the Territories. That everywhere the protection accorded to a citizen of American birth must be secured to citizens of American adoption. That it is the duty of Congress to develop and improve our water-courses and harbors, but we insist that further subsidies to private persons or corporations must cease. That the obligations to the men who preserved its integrity in the day of battle are undiminished by the lapse of fifteen years since their final victory. Their perpetual honor is and shall forever be the grateful privilege and the sacred duty of the American people.

THE CHINESE PLANK.

Sixth. Since the authority to regulate immigration and intercourse between the United States and foreign nations rests with the Congress of the United States and the treaty-making power, that the Republican party, regarding the unrestricted immigration of the Chinese a matter of grave concernment and under the exercise of both these powers would limit and restrict that immigration by the enactment of such just, humane and reasonable laws and treaties as will produce that result.

Seventh. That the purity and patriotism which characterized the earlier career of Rutherford B. Hayes in peace and war, and which guided the thought of his immediate predecessor to him for a Presidential candidate, have continued to inspire him in his career as chief executive, and that history will accord to his administration the honors which are due to an efficient, just and courageous fulfillment of the public business, and will honor his interposition between the people and proposed partisan laws.

INIQUITIES OF THE DEMOCRACY.

Eighth. We charge upon the Democratic party the habitual sacrifice of justice and patriotism to a supreme and insatiable lust for office and patronage; that to obtain possession of the national and state governments and of the control of place and position, they have obstructed all the efforts to preserve the purity and conserve the freedom of suffrage; have devised fraudulent certificates and returns; have labored to unseat lawfully elected members of Congress, to secure at all hazards the vote of the majority of States in the House of Representatives; have endeavored to occupy by force and fraud places of trust given to others by the people of Maine, and rescued by the courage and action of Maine's patriotic sons; have by methods vicious in principal and tyrannical in practice, attached partisan legislation to appropriation bills; have crushed the rights of individuals, and vindicated the principles and sought the favor of rebellion against the nation, and have endeavored to obliterate the sacred memories of the war and to overcome its inestimable good results—freedom and individual equality. We affirm it to be the duty and purpose of the Republican party to use all the legitimate means of the Union to secure the perfect harmony which may be practicable, and we submit to the practical, sensible people of the United State to say whether it would not be dangerous to the best interests of our country at this time to surrender the administration of the national government to a party which seeks to overthrow the existing policy under which we are so prosperous, and thus bring destruction and confusion where there is now order, confidence and hope.

REPUBLICAN STATE PLATFORM.

RESOLVED, That the platform of principles adopted by the National Republican Convention, at Chicago June last, deserves and receives the approval and hearty indorsement of all the Republicans of Nevada.

RESOLVED, That the hordes of Chinese that are coming in upon our shores to eat out our substance are destroying our country, impoverishing our mines, mining and laborers, debauching our youth, and making both men and women lower in the scale of humanity. This evil must and shall be stopped, and to this end we pledge the entire strength of the Republican party.

In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Chinese Government fail to secure by the first of next January such modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty may be promptly annulled, and such laws enacted as will relieve us at once and forever of the Asiatic scourge now menacing the well-being of the Republic.

RESOLVED, That we most heartily indorse the general financial policy of the Republican party, which, in spite of every opposition on the part of the Democracy, has led to the resumption of specie-payments, the raising of our national credit to a height never before known, and to the restoration of a national prosperity. But we also demand the complete restoration of silver coin to its former position by the side of gold; and for the purpose of attaining that end we hold it to be the duty of the General Government, through the authorization of Congress, to coin into standard dollars or other legal tender currency, at the cost of coinage, and for the benefit of the producer, the entire silver product of the country, relieving the mining interests from the loss attending the shipment and sale of silver bullion in foreign markets.

As mining for the precious metals is the leading industry of Nevada, we are inflexibly opposed to the bill reported by the Committee on Mines and Mining, and now before the House of Representatives, prohibiting the following of fissure veins or deposits beyond the vertical lines of surface boundaries; and we urge our Representatives in both Houses of Congress to continue their efforts for its defeat. Such a restriction would work disaster to the labors of the prospector, and seriously retard the development of the mineral riches of the West, and we cordially indorse the action of our Representative, the Hon. R. M. Daggett, in this behalf.

RESOLVED, That the Republican party aims it to be the right and duty of State and Territorial Legislatures to regulate and restrict the charges of railroads exclusively within their respective boundaries, and that it is no less the constitutional right than the positive duty of Congress to regulate the tariffs and restrict the charges of inter-State railroads.

RESOLVED, That while we congratulate the country on the successful resumption of specie payments, and the splendid financial condition of the Republic, we are in favor of restricting the issuance of National and State legal tender notes, to denominations of not less than five dollars, thus creating an increased home demand, as a circulating medium, for the precious metals which our mines are annually yielding.

RESOLVED, That Gen. James A. Garfield and Chester A. Arthur, by their services to the country, by their devotion to principle, and by their unspotted reputation as men and as citizens, are deserving of the united and earnest support of all the loyal people of the United States for President and Vice President thereof. We rejoice in their nomination, and we pledge to them the electoral vote of Nevada at the ensuing election, by an overwhelming majority.

REPUBLICAN COUNTY PLATFORM.

RESOLVED, That we most heartily endorse the principles as enunciated by the National and State Republican Platforms.

RESOLVED, That we recognize in James A. Garfield and Chester A. Arthur, the Republican nominees for President and Vice President, pre-eminent worth and ability. Their past record, patriotism and services give assurance of their fitness for the positions to which they have been nominated, and that they should and will have our earnest and united support.

RESOLVED, That in R. M. Daggett the Republican party has given to the people of Nevada an able and industrious Representative, and in Wm. H. Beatty an honest and fearless Judge, and we will endeavor by united work to insure their re-election.

RESOLVED, That the Republican party ever has encouraged and supported free and intelligent labor, and ever will endeavor to restrain the unrestricted immigration of Chinese to our shores, and to promote the happiness and well-being of the laboring classes of this nation, and fully recognize the self-evident fact that our national growth, grandeur, and prosperity are the results of free labor.

RESOLVED, That the principles of our government can only be upheld and perpetuated by a full, free and fair ballot, and that to secure and protect the right of suffrage to every citizen it is our duty to discountenance and condemn any violation or attempt at interference with this sacred right, and that every lawful measure should be invoked to secure this right to every citizen.

RESOLVED, That in view of the fact that the Republican party has ever been true to its trusts in the past, our national prosperity and welfare demand a continuation of its rule.

RESOLVED, That it is the first duty of every Republican to give his support only to men whom we are assured will guard and protect the interests of the people, and advance and promote the educational interests, and manufacturing, agricultural, mining and other industrial pursuits of our people.

RESOLVED, That the Republicans of Washoe County favor a change in the office of United States Senator, and that our Representatives and Senators be instructed to vote as a unit on all Senatorial questions, and endeavor to secure the election of a man whose home is in Nevada.

RESOLVED, That we pledge the Republican party to use every effort to reduce the expenses of our State government, and that we are opposed to the repeal of the County Salary Bill.

RESOLVED, That we are opposed to the so-called Drummer's License Law, and would recommend its repeal or the reduction of the license to five dollars per month.

RESOLVED, That the Republican party of Washoe County extends a cordial invitation to capitalists to come here and build quartz mills, open mines, run irrigating ditches and lay railroads, and we promise equal and exact justice and fair dealings to all.

DEMOCRATIC COUNTY PLATFORM.

The Democracy of Washoe county in convention assembled declare as follows:

That we, the Democracy of Washoe county, endorse and reaffirm the principles enunciated in the platform of the National Convention at Cincinnati, in June last, and also our State Convention at Winnemucca, and heartily approve the lines of government there marked out.

Resolved, That we recognize in our candidate for Congress, the Hon. W. Cassidy, an able statesman and cultured gentleman, one who, as Senator in our councils has always fearlessly maintained our principles and labored for the best interests of our State, and we pledge that if elected, among his first legislative acts shall be to introduce such a measure as will make completely operative and effective the plank of the National Platform which demands the prohibition of Chinese immigration, and that we invite to the support of our candidates every voter, of whatever political creed, who sincerely desires that our laboring classes may be forever relieved of the curse of coolie competition, and cite to them the fact that relief can only come from a Democratic Congress, and a Democratic President.

Resolved, That in the person of Judge C. H. Belknap we have an eminent jurist, one that is tried and true, and we point with pride to his past record.

Resolved, That the Democratic party has always maintained that none but residents of Nevada should represent her in the National council, and we deprecate the practice inaugurated by Jones and followed by Sharon, of corrupting, by the free use of money, the elective franchise of a free people, and we call upon all Democrats and honest Republicans to come boldly forward and assist in wiping out this stain upon the fair name of our young and growing State.
